Current Digital Challenges

ELITE PROPOSAL • INAMIGOS FOUNDATION

1. Low Donation Visibility

Donation pathways are not prominent.
Users fail to engage with giving tools
due to fragmented UI placement.

2. Volunteer Complexity

Manual onboarding creates bottlenecks.
Lack of skill matching reduces overall
effectiveness of support network.

3. Limited Impact Transparency

Outcomes are hidden in text blocks.
Donors cannot witness real-time diff
made by their contributions.

4. Weak Engagement

Lack of interactive campaigns and
storytelling hubs minimizes the emotional
bond with supporters.

GOAL: Improve trust, engagement, transparency, and social impact.
